**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 17 and 19 are rejected under 35 U.S.C. 102(b) as being anticipated by Nienstadt #3,854,292. Nienstadt discloses a liquid transport canal 20 having an imperforate plastic liner 22 including fasteners 42 in an area where the liner is continuous in all directions before the fastener is installed. The liner comprised of sections 22 including field joints 32 transverse to the length of the canal and free of field made joints along the length of the canal.

***Claim Rejections - 35 USC § 103***

3. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

4. Claim 18 is rejected under 35 U.S.C. 103(a) as being unpatentable over Nienstadt in view of Ives #4,828,432. Nienstadt discloses the claimed invention except for the concrete liner. Ives teaches that it is known to include a concrete liner 14 as set forth at column 3, lines 30-36. It would have been obvious to one having ordinary skill

in the art at the time the invention was made to provide a concrete liner, as taught by Ives in order to facilitate flow of water through a canal.

***Allowable Subject Matter***

5. Claims 1-13, 15, 16, and 20-28 are allowed.

***Response to Arguments***

6. Applicant's arguments with respect to claims 17-19 have been considered but are moot in view of the new ground(s) of rejection.
